There is great suffering in northern Scotland, but the Scotch, like the Ulster Irish, try to conceal their woe.

Harten overheard his wife telling Cox at Eaton, O., that she would marry him as soon as her husband died, which would be speedily as he was almost gone with consumption. Harten spoiled the plan at once by shooting Cox through the heart.

When Walker Kilgore left the jail at Mexico, Mo., to go to the scaffold, Nat Fancett, who was soon to be hanged with a companion, said earnestly: "Walker, intercede with the Almighty for Muldrow and me, and for our sakes do all you can in heaven for us." Kilgore promised.

Mrs. Kite became convinced that her husband was in love with her sister, who lived with them at Graystone, Va. She sent for her two brothers to take her away, and they came for that purpose. Her husband said nothing in opposition, but in the night, while the brothers were sleeping, he killed them with an ax.

Two chambermaids and a cook in a Pittsburgh house argued, as the latter stirred a huge kettle of boiling mush. The argument culminated in a remark unpleasant to the cook, who retaliated by throwing a ladle of mush in the face of the offender. Then the row became general. Hot mush flew thick and fast, burning wherever it struck, and sticking, too. The result was three badly burned and discharged domestics.

How Tennyson Works.

When Mr. Tennyson sits down to write—which he usually does for five hours a day—he gives strict orders that he shall not be disturbed. There have been callers, who through some blunder of servants have got into his library while he was writing, and were denounced for their intrusion as if they had been his worst enemies. Any interruption while he is at work is said to make him wild; he raves like mad, and, figuratively, foams at the mouth. In his work he is deliberation personified, spending hours on a single line.

A VALUABLE CONTRIBUTION.

We devote a large portion of our space to-day to a clear and convincing exposition of the pernicious effects of California's New Constitution upon the industrial interests of that State. It is a calm and careful statement of facts, its reasoning logical, and its conclusions fairly drawn. The whole is from a master hand. Nevada is happily free from any immediate danger of a similar experiment to that which is to-day under review. But let the voters of this State read and reflect upon the results of the so-called Workingmen's agitation in California, and profit by the lesson.

EDITORIAL NOTES.

"An intelligent Englishman, at Shanghai, writes to a London journal that the notion spread in Europe and America that the Chinese Empire is disintegrating, is a mistake on the contrary, the Central Government is growing stronger day by day."—*Exchange.*

This is the view of an Englishman. There is a feeling in this country that the strengthening of the Central Government of this nation would be a preliminary step towards the dissolution of the Republic. The strengthening of the Central Government of Germany has fostered the growth of Socialism. It may be that the Central Government of China is growing stronger as an egg does in its progress towards rottenness.

The carriage of letters by Wells, Fargo & Co. has fallen off 51 per cent. since 1870. The average number now carried per year is 900,000. The company pays the Government the full face value of the stamps used on its express envelopes, with no deduction for commission on their sale. Many letters addressed in the Chinese character are forwarded by express. The Government has not yet taken any action in regard to the recommendation of the Postal Commission that the express mail system be abolished.

The name of Sharon, Nevada's favorite son, does not figure in the list of passengers on the overland train of this or to-morrow evening. He was expected to arrive in Carson on Saturday. Can the Senator have yielded to the solicitations of the people of some city of "the West," and stopped to deliver again, for their delectation, his great speech upon Capital and Labor?

The Bulletin of last evening advanced the proposition, in a head line, that "Two and two make Four." This sweeping assertion has been qualified by the *Call*, which calls attention, in a note this morning, to the fact that "2 and 2 sometimes make 22."

The New York Tribune says there is in course of preparation, by a Democrat, a campaign life of Tilden, which shall show him up as a fraud "from away back." The fraudulence of Tilden seems a stale subject for anybody to write a pamphlet about.

A report of the Chicago Times covers the expression of 8,576 Republicans in Illinois, of whom 4,289 are for Blaine, 2,895 for Grant and 1,064 for Washburne. Blaine is the first choice of thirty-seven counties.

The first number of the Carson Times appeared yesterday morning. The Times is a small paper, but bright and newsworthy. We wish the editor and proprietor, Mr. Niles, all success in his enterprise.

It would be a good idea to dig wells a few feet deep in the ditches around town, so that in case of a fire the engines could pump water instead of mud.

A dispatch says: "Seventeen persons died in London last week from the effects of fog." We think this should read "grog."

Rich Carbonate Lodges Near Reno. The Carson Times says that "the time is evidently not far distant when valuable mines will be developed in the vicinity of Reno." It gives the following results of assays by Hoberling, of rock taken from croppings about ten miles "a little east of north from Reno." There is silver, containing no gold whatever:

Carbonate ore, No. 1.....\$71.64
Carbonate ore, No. 2.....44.30
Carbonate ore, No. 3.....10.80

A fire in Eureka last Sunday night destroyed property to the value of \$80,000.

PACIFIC COAST NEWS.

In Bodie on Friday night the thermometer stood 19 degrees below zero.

Tuesday morning, at Sacramento, the thermometer was down to 22 degrees.

It is believed that 1880 is to be one of the best years for stock ever experienced in Southern California.

Much excitement prevails in Nevada county over the discovery of rich quartz mines in Myers' ravine.

In the walking match now in progress at San Francisco, Guerrero, the young runner, has made 200 miles in 48 hours.

Louis Joudin, late night clerk of the Depot Hotel, now presides in the office of the Arcade. He is a good man for the place and popular with the traveling public.

It is stated that lately at Mojave Inyo county, the Cerro Gordo Freight Company suffered the loss by death of some 70 valuable mules through the effects of alfalfa hay.

A recent Leadville funeral was ended with a dance, and some of the more conservative people of the city think it was verging on bad taste to have a dance during Lent.

Sheriff Thompson of Walla Walla offers a reward of \$500 for the man who murdered the man found in Touchet river. So far it is as mysterious an affair as ever.

James F. Graham, who robbed the Central Pacific of \$40,000, while in the employ of the company at Ogden, has been convicted and sentenced to three years in the Utah Penitentiary.

During the past seven months five hotels have burned between Mendocino City and Bridgeport, Mendocino county, Cal., a distance of twenty miles. Travel must be falling on that road.

George Cockrill was shot and killed on Wednesday night at Santa Rosa, by George Hewlett. In a dispute over a game of cards Cockrill assaulted Hewlett, when he (Hewlett) fired. He is under \$4,000 bonds.

The Carson Times says that the Directors of the Nevada and California Telegraph Company have in view the extension of their line from Aurora to Candelaria, a distance of sixty miles.

The citizens of Puyallup Valley, W. T., are determined to give a practical test to the raising of sugar beets. A paper has been circulated, and nearly \$300 subscribed, for the purpose of paying premiums to those who will raise them. About twenty acres in different localities will be sown, for which the seed is now on the way from Germany.

On the 10th of March the first rail was laid and the first spike driven in Montana on the Utah and Northern Railway. The Utah and Northern now 290 miles in length—the longest three-foot gauge railroad in the world. The first silver spike was driven by Captain Hulanicki amid the cheers of the people. The second spike was driven by all the little children, each striking it a blow, which closed the ceremonies.

I Wish Everybody to Know.

Rev. George H. Thayer, an old citizen in this vicinity, known to every one as a most influential citizen, and Christian Minister of the M. E. Church, just this moment stopped in our store to say, "I wish everybody to know that I consider that both myself and wife owe our lives to Whillol's Consumption Cure." We Can't Talk.

Without showing the condition of our teeth. Every laugh exposes them. In order not to be ashamed of them let us use that standard dentifrice, SOZODONT, which is sure to keep them white and spotless. No tartar can encrust them, no canker affect the enamel, no species of decay infest the dental bone, if SOZODONT is regularly used. It is a botanical preparation, and its beneficial effect on the teeth and gums are marvelous, as it removes all discolorations, and renders the gums hard and rosy. D&W
